## PREFACE

When preparing for Cambridge Young Learners English Examinations, many children in China hardly find a direction in which they know exactly what to practise. More often than not, they end up learning the previous exam questions by heart so that their motivation of learning a foreign language will surely have faded away.

The books YOUNG LEARNERS ENGLISH Grammar and Vocabulary help all the young students quickly target on an exam at a different level. We believe that the learning method throughout the books can make students forget rote-learning deeply rooting in our education atmosphere.

在为剑桥少儿英语考试做准备时，许多中国孩子很难找到他们确切知道该怎么做的方向。他们常常会背诵学习之前的考试题目，因此他们学习外语的动力肯定会逐渐消失。

《青少年学习者-英语语法和词汇》一书可以帮助所有年轻学生有效地准备不同水平的考试。我们相信，本书中的学习方法可以使学生忘记根植于我们教育氛围中的死记硬背学习法。
